No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                              982

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        RESULT 3

JE0243

Ig kappa chain NIG93 precursor - human

C;Species: Homo sapiens (man)

C;Date: 05-Dec-1998 #sequence_revision 05-Dec-1998 #text_change

C;Accession: JE0243

R;Alim, M.A.; Hara, Y.; Hossain, M.S.; Takeda, K.; Yamagata, F.;

submitted to JIPID, November 1998

A;Description: A new subgroup of k type light chains (VkV) ident

A;Reference number: JE0243

A;Accession: JE0243

A;Accession: JE0243
                                                                                                                                                                                                                              8

Ig kappa chain Am37 precursor - human
C;Species: Homo sapiens (man)
C;Date: 05-Dec-1998 #sequence_revision 05-Dec-1998 #text_change 21-05-Dec-1998 #sequence_revision 05-Dec-1998 #text_change 21-05-Dec-1998 #sequence_revision 05-Dec-1998 #text_change 21-05-Dec-1998
R;Alim, M.A.; Yamaki, S.; Hossain, M.S.; Takeda, K.; Kojima, M.; Talsubmitted to JIPID, November 1998
A;Description: Structure relationship of kappatype light chains with A;Reference number: JE0241
A;Reference number: JE0241
A;Reference number: JE0241
A;Rolecule type: protein
A;Residues: 1-216 <ALLI-
C;Superfamily: immunoglobulin V region; immunoglobulin homology
F;16-92/Domain: immunoglobulin homology <IMM>
Ig kappa chain precursor - rat (Species: Rattus norvegicus (Norway rat) C; Species: Rattus norvegicus (Norway rat) C; Date: 28-Feb-1990 #sequence_revision 28-Feb-1990 #text_change C; Accession: S06084 R; Crowe, J.S.; Smith, M.A.; Cooper, H.J.
